CLIENT SPOTLIGHT

Alice & Andrew

Alice and Andrew had an amazing day, filled with fun, hay bales, quirky group shots, laughter and lots of natural elements to their day.

"I was really keen that the photos of our wedding were not run of the mill and wanted to avoid the usual stock wedding shots.

Throughout the whole process Emma helped us find our own style and create something that was really unique to us and produced photos that are more than just visual representations of the day.

We now have snapshots of special, funny and genuine moments from our special day. The images she helped us create are really individual and look bloody great too!"

“Emma was so professional before our wedding and throughout the day. She is very easy to get along with and fits in with your day. We wanted traditional, fun and natural shots which she very cleverly delivered. She is not afraid to try new things and be incredibly creative! Emma has a real talent for creating photos from things that catch her eye! Amazing wedding photographer! We booked Emma Jane because as soon as I spoke to her I knew we would get along, she was very professional and her photos were so creative”

Mrs Emily Bate

“From the very first email to receipt of the final images Emma has been amazing and we would most definitely use her again. When we first met Emma we knew we wanted her to capture our special day. It was her creativity that really shone through for us. Everyone at the wedding was complementing how great she was. She was patient (and we all know how stressful group shots can be), courteous, punctual and her quality of work was just exceptional.”

Mrs Michelle Junaid (Abe)

“This was an excellent package for what we wanted. Great communication from start to finish and lovely presentation of final products and photos. Emma arrived on time and just proceeded to photograph what was specified. Due to the weather I felt it was not an easy day to shoot, along with my partner not liking his photo taken. The result was brilliant photos that we are really pleased with. Very pleased with the whole experience from start to finish. Leading up to the wedding Emma was very good at keeping in touch and it was her quirky but professional nature that made us choose her. When we first received our finished images I nearly cried. The box was engraved with our names and the USB stick was also engraved. It’s the little things that make the experience extra special. I’m so happy I found her because she has captured the best moments of my life and I will never forget it.”

Mrs Sian Cantellow

“Amazing photographer! Lovely woman! So pleased we pick Emma for our wedding. Very helpful on the phone and happy to answer any problem via email.”

Mrs Sarah Hanmore

“Emma-Jane has been a pleasure to work with. She is very flexible and easy to get on with, which makes a huge difference when prepping for your wedding and during the actual day. Her photographs came out brilliantly which brings back so many wonderful memories everytime we look at them.”

Mr Gosia D’Cruz

"We were very impressed with her work and professionalism. She was friendly and put us both at ease on the day. Our guests have also echoed these same comments to us about her. She has been very helpful throughout the whole process."

Mr Nicholas Hill

"Emma is an incredibly friendly individual and really listened to our desires for our day. She was very helpful in the run up to the day providing advice on preparing (e.g. for weather) and helping to alleviate our worries. On the day she was inconspicuous amongst the guests but managed to get a selection of great photos capturing the spirit of the day. She was especially good with my wife and I who are not photogenic as she guided us in how to position ourselves to the best effect."

Mr Jonathan Hart

"Emma is a very professional lady and through the whole process made us feel at ease. Emma's ideas regarding where photos were taken, our positioning and her angles made us totally trust in her abilities to give us the wedding photos we desired. She has always been contactable by email and telephone, responding to any queries we had, big or small, almost immediately. With all the stress that can come with organising some aspects of a wedding – Emma made sure that the photography wasn't one of them."

Mrs Joy Smith

"Emma Jane was professional yet friendly and helpful throughout the whole process. She communicated well and was great value for money with what she provided. Emma was flexible and could tailor her services to work for us and to create photographs in the style which we liked whilst also adding some of her own creativity. On the day Emma was fun and made everyone feel relaxed. The finished photographs were stunning – we were delighted with so many beautiful shots and received so many compliments. Her website displayed a good selection of weddings, allowing us to make a good judgment on the style of her photos and if she was right for us. Her previous testimonials were always very positive. As well as this, it was clear that Emma had previous experience in the fashion photography business, with another very professional and well laid out website to match her wedding equivalent. As a bride, I wanted to feel beautiful, and having knowledge of Emma's fashion experience gave me comfort in that she may well have extra tricks up her sleeve to make me look that extra special (that sounds vain – but it's true!!). All of these reasons combined made us have full confidence in Emma and to send her that initial email – and from her first cheery and welcoming reply, there were absolutely no regrets"

Mrs Maddy Marriage (Herbert)

"We were really pleased with Emma's photography, she got lots of images from the day and we absolutely loved them!"

Mrs Sophie Cowhig (Calvert)
